

## FAB LED LIGHTBOX

SuperStructure's New FAB 1.5" framing system for mounting FABrics with a full graphic face rearlit with an LED light source. Sleek anodized aluminum 1.5" frames are simple to assemble and work with. The LED panels slide directly into the groove on the frame.

A push in and pull out tab easily installs & changes the "Wrinkle free" graphics with no pockets or tensioning rods to deal with.

Custom made to your specifications. 1.5" frames are available as stand alone, wall mounted, or suspended LIGHTBOXES.
