

FAB FRAME

GRAPHIC INSTALLATION

SuperStructure's New FAB Framing System for mounting FABrics or Vinyl with a full graphic face.

Sleek anodized aluminum FAB frames are simple to assemble and work with a push in tab on the graphics. "Wrinkle free" graphics with no pockets or tensioning rods to deal with.

Custom made to your specifications, FAB frames are available as stand alone, wall mounted, suspended, pole supported and as backlit units. Single sided, double sided & multisided 3-Dimensional shapes.
